

— Château Fougas Forces de Vie —

Terroir Surface : 22 Ha.

Ground : Located on a plateau naturally drained by two little streams on a lower level. Hydro-wind colluvials composed of ferruginous clays smectite type on a limestone bedrock.

Grape Varieties Merlot 95% – Cabernet Sauvignon 5%

History Owner : Jean-Yves Bechet.

The introduction of the Château Fougas dates from the XVIII century. A lovely watercolor from a surveyor of the period shows the Château surround by his land in a single piece, where already appear the vines.

Philosophy « For our wines, we want to have a Terroir expression, we are seeking for the violet rather than the tar and the refined more than the concentrate... Far from the trends but close to the land, we are attached to the authenticity who gives soft fine and elegant wines, full of beautiful spices and fruits aromas... ».

Vineyard Certified in Organic and Biodynamic farming **Appellation** Côtes de Bourg

Vinification Careful sorting of the grapes when they arrive to the vat. Piecemeal vinification with a Burgundian cap-punching method. Into stainless steel vat under temperature control.

Vintage 2015

The «Must» : Our best Château Fougas Maldoror selection.

Since the biodynamic application, a piece of land turned out:
A mineral wine, concentrate of complex flowers and fruits aromas...

Blend Merlot 95% – Cabernet Sauvignon 5%
